

MEMORANDUM FOR:

Thank you for your note on the "Information Management Workbook: IRM Made Simple". We would be interested.

Unfortunately, the IHSA is not in the Budget until FY-83. We have not yet been able to codge up any stray funds this year, and probably won't until the status of the Supplemental is known.

I would like to keep the brochure, if I may, anticipating that we will receive some funds, as we did last year.
